# Here's to you...

---

We are honored with the sensational turnout and energy for the I AM HUMAN Cleveland Premiere & Panel Discussion. It is a rare occasion that we are able to share a glimpse of FES research with such a strong Cleveland connection.

Thank you for making the evening an extraordinary success! Our greatest appreciation for your continued support of FES research programs goes to the Northeast Ohio community: our families, friends, research partners and collaborators, and everyone who came out to experience I AM HUMAN.

Our sincerest appreciation goes to the I AM HUMAN co-producers and directors, Elena Gaby and Taryn Southern for creating such an incredible film.

We would like to recognize Cleveland Veteran Bill Kochevar and his family. Bill was a pioneer in this research, and we appreciate his commitment to this program. Bill's determination and drive made this research and future programs possible.
